Inadequate testing/maintenance and fire safety arrangements during the covid19 pandemic	Equipment / system failure leading to enhanced physical or biological risks to people	M	<p>Schools is now fully open. Statutory testing and maintenance, such as water hygiene testing/flushing, lifts, gas supply/safety, fire alarm system, emergency lighting, fixed electrical installation, play/sporting equipment have taken place during the school closure and maintained as normal during summer break.</p> <p>Fire evacuation procedures have been reviewed and a fire drill is planned [roll call lists updated/ each class or cohorted group should stay together (where possible)]</p>	L	<p>Provision is in place to make adjustments and revisit fire drills</p> <p>Fire risk assessment has been reviewed and the associated modifications / additional measures implemented to maintain an effective fire strategy (e.g. escape routes, doors held open etc.). Any changes to the fire risk assessment have been communicated to all staff.</p>

			and are assigned predetermined evacuation points which are sufficiently distanced from other groups. Drill: leaving via the nearest exit and meeting on the main school playground maintaining a social distance while the registers are completed. In an emergency situation, a full evacuation will take place as usual.		[See <a href="#">H&amp;S FAQ document</a> for further information on carrying out fire drills].
<p>Inadequate ventilation.</p> <p>Unable to achieve a comfortable (or legal minimum) temperature within the building.</p>	<p>Increase in risk of transmission of Covid19.</p> <p>Occupants become cold - poor concentration levels impact on learning.</p>	H	<p>Due regard is to be given to the information on how best to maintain ventilation in the <a href="#">H&amp;S FAQ document</a>, <a href="#">CIBSE - Ventilation Guidance</a> and the latest <a href="#">government guidance for schools</a>.</p> <p>General principles when using natural ventilation include opening windows. In cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully when unoccupied to purge the air in the space (e.g. between classes, during break and lunch). Rooms should, where possible, be fully ventilated for at least 15 minutes prior to and following use.</p> <p>Opening internal doors can also assist with creating a throughput of air. If necessary external opening doors may also be used (as long as they are not fire doors and where safe to do so)</p> <p>Opening high level windows in preference to low level to reduce draughts</p> <p>Rearranging furniture where possible to avoid direct drafts.</p>	L	<p>Occupied rooms with no ventilation - their use should be avoided.</p> <p>Consider installation of window fans to provide natural ventilation.</p> <p>Ceiling fans/portable fans can be used to aid air flow where there are stagnant air pockets in rooms.</p> <p>Providing flexibility to the school uniform policy to allow additional, suitable indoor clothing to be worn.</p>

This includes those living in a household with someone who is clinically extremely vulnerable. Staff who are 'clinically extremely vulnerable' are working at home when advised to do so by the Government during periods when national restrictions are in place [see note in Document History in relation to NCC employed staff]. Outside of this time they continue to work from home where this is possible e.g. some admin roles. Those children whose doctors have confirmed they are still CEV are not attending school when advised to do so by the Government during periods of national restrictions. Appropriate arrangements should be made so that education can continue at home.</p> <p>Outside this time, for those pupils in the CEV category, an individual risk assessment has been carried out in consultation with the child's parents and the relevant healthcare professional(s). Advice from health professionals/GP involved in the child's care is essential in these circumstances. Disposable tissues are provided along with lidded bins for used tissues and other waste. This waste is double bagged and disposed of. Face coverings are worn when required under national or local rules (in areas classed as High or Very High risk) or where use has been risk assessed as being required (see separate <a href="#">model risk assessment on use of face coverings</a>). Arrangements have been put in place for safe disposal/storage of face coverings if worn - disposable masks to be put into a bin bag in a lidded bin, reusable covering to be placed by the pupil into a bag to take home.</i></p> <p><i>Cleaning frequently touched surfaces often using standard products, such as detergents and bleach (if appropriate)</i></p>

			Minimising contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables		
All teaching/classroom activities	Contracting coronavirus - staff and pupils, passing onto vulnerable persons	H	<p><b>Cohort (bubble) Groups</b> (see also <a href="#">H&amp;S briefing for Heads</a>)  The school has cohorted groups so that staff and pupils generally only mix with others in a consistent group and keep away from other people/groups as much as possible. Contact with other groups is brief and transitory only. Group sizes are kept as small as possible, taking into account delivery of the curriculum. Class groups are kept in the same room with the same 'class group' as much as possible. Mixing of 'class groups' is minimised as much as possible.</p> <p><b>Social Distancing</b>  As the school is fully open to all year groups, it is accepted that social distancing cannot always be achieved (especially for younger children). However, it should be applied wherever possible. For older children and staff this is more achievable and should be more robustly implemented. The general arrangements below have been put in place to mitigate the risk where distancing cannot always be achieved.</p> <p><b>General arrangements</b></p>	L	<p>Review Guidance &amp; Checklist:</p> <p><a href="#">Guidance for full opening: schools</a></p> <p><a href="#">Planning guide for early years and childcare settings</a></p> <p><a href="#">Protective measures for holiday and after-school clubs, and other out-of-school settings during the coronavirus (Covid-19) outbreak</a></p> <p>Breakfast and after-school provision has resumed/Further guidance is available below:  <a href="#">Guidance for full opening: schools - Wraparound provision and extra-curricular activity</a></p> <p>Access rooms directly from outside where possible.</p> <p>No sharing of stationery etc.</p> <p>Note:  Government guidance states that schools should not put rotas in place.  etc.</p>

			<ul style="list-style-type: none"> <li>• Pupils taught to adopt good hand and respiratory hygiene, to maintain suitable distancing (where possible) and to report if they are unwell.</li> <li>• Staff explicitly supervise health and hand hygiene arrangements for younger children and those with additional needs. Measures are in place to ensure more independent older pupils are following good hygiene practices.</li> <li>• Staff informally monitor for presence of symptoms.</li> <li>• Regular cleaning initiated (see below).</li> <li>• Where possible the same teaching staff work with the same groups</li> <li>• Where possible, the same groups are taught in the same classrooms or where this isn't possible, larger bubble groups are assigned 'zones' within the building. This limits the amount of movement around the school and potential contact with other groups.</li> <li>• Where possible the same desks are used by the same pupils each day and desks are front facing, with pupils sat side by side rather than face to face. Circular tables have been taken out of use.</li> <li>• Timetabling has been reviewed to stagger school activities (PE, Outdoor Learning, assemblies, break times, lunch, pick up/drop off) to reduce movements and incidence of group mixing, including parents.</li> <li>• Equipment use has been revised and measures to prevent simultaneous use and reduce consecutive use have been introduced.</li> </ul> <p>Where possible areas will be well ventilated, doors propped open (where safe to do so, taking into account fire safety and safeguarding) to limit use of door handles.</p> <p><i>Sport and physical education</i></p>		
--	--	--	---	--	--

			<ul style="list-style-type: none"> <li>• Only activities whose national governing bodies have developed guidance that has been approved by the government are undertaken.</li> <li>• Inter-school activities are suspended.</li> <li>• Equipment thoroughly cleaned between each use by different individual groups.</li> <li>• Activity venues reviewed and outdoor sports are prioritised where possible, and large indoor spaces used where it is not.</li> <li>• Ventilation is maximised in accordance with the arrangements stated above.</li> <li>• Work with external coaches, clubs and organisations for curricular activities are subject to specific risk assessment to confirm that arrangements are safe and appropriate. Extra-curricular activities (i.e. before and after school clubs) are reviewed and only proceed where; a) it is necessary to support parents with work related activity, training/education or for the purpose of provision of respite care, and b) risk assessment confirms that arrangements are safe and appropriate.</li> </ul>		
Use of shared learning spaces by different cohort (bubble) groups and teaching of practical activities	Contracting coronavirus - staff, pupils, public	H	<p>In addition to the arrangements above, the following measures are in place for use of shared learning spaces/teaching of practical subjects:</p> <ul style="list-style-type: none"> <li>• Activities undertaken are reviewed to allow teaching to take place in usual/assigned class space wherever possible.</li> <li>• Where this isn't possible and practical activities are required to take place in classrooms shared between bubble groups, frequently touched areas, desks, chairs etc. and any shared equipment are cleaned between bubble group use.</li> <li>• Those teaching practical subjects to a range of groups maintain social distancing and remain at the front of the class where possible.</li> </ul>	L	<p>PE activities are carried out in line with <u>Guidance for full opening: schools</u> (which signposts to all relevant other publications). Schools must only provide team sports on the list available at <u>return to recreational team sport framework</u>.</p> <p>Music –activities are undertaken in line with <a href="#">Guidance for full opening: schools and working safely during coronavirus Covid 19: performing arts</a>. A separate risk assessment is in place.</p>

			Staff have reviewed lesson plans and risk assessments are in place for use of practical areas.		Science – practical work is in line with CLEAPS <a href="#">Guide to doing practical work during the Covis-19 pandemic</a> . Risk assessments are in place.
Outdoor education on-site and off-site visits	Contracting coronavirus - staff, pupils, public	H	General control measures listed by this risk assessment are implemented as far as they are able to ensure that the risk of virus spread for both staff and children is as low as possible.  Educational Visit Coordinator & Heads receive policy guidance updates and actively check for updates on the Evolve system.	L	On site activities: Submission of an Evolve form is not required, however where risks are significant or are not already covered with another risk assessment the activity must be subject to a written risk assessment.  Off-site activities: Submission of an <a href="#">Evolve</a> form is required for all Off site visits. Note <a href="#">DfE</a> and <a href="#">FCO</a> advice and <a href="#">OEAP National Guidance</a> .
Play activities	Contracting coronavirus - staff and pupils	H	Break times are staggered (including lunch), so that children are not moving around the school at the same time.  Multiple groups do not use play equipment simultaneously. It is only used by separate groups. For larger pieces of play equipment, where it is not possible to adequately clean this, this has been taken out of use.  Soft furnishings, soft toys and toys that are hard to clean have been removed from classrooms.	L	
Provision of school meals service	Contracting coronavirus - staff, pupils		The school kitchen will be fully open from the start of the autumn term and normal legal requirements will apply. Kitchen operations comply with the <a href="#">guidance for food businesses on coronavirus (COVID-19)</a> .  Catering staff are aware of the content of this risk assessment and the measures required for use of		Risk assessments have been reviewed and updated where required (both for catering activities and dining hall arrangements, including additional cleaning, placement of tables, bubble group use etc.)

			<i>communal staff areas have been implemented e.g. for toilets/staff room/changing rooms. [see also section on use of communal areas for seating plans etc.]</i>		
<i>Use of shared resources</i>	<i>Contracting coronavirus – staff, pupils, parents/carers</i>	<i>H</i>	<p><i>Limit the number of shared resources – no shared reading books, children use own stationary and resources in pencil case provided by school.</i></p> <p><i>Children can only bring their coats, packed lunch boxes and a water bottle in from home.</i></p>	<i>L</i>	
<i>Use of communal areas - toilets, corridors, sports halls, dining hall, outdoor spaces,</i>	<i>Contracting coronavirus - staff pupils, visitors, parents/carers</i>	<i>H</i>	<p><i>Class changeover/break times are staggered to reduce the level of circulation throughout school. No corridors are used by groups at the same time.</i></p> <p><i>Assemblies are arranged to take place with individual groups in their allocated classroom spaces rather than bringing all children from different classes together into one hall or large space.</i></p> <p><i>Lunch breaks are staggered. Children clean their hands before entering in their cohorted groups (younger children are assisted with this). Different cohort groups are kept apart and tables cleaned between each cohort group. If such measures are not possible, children should be brought their lunch in their classrooms.</i></p> <p><i>Arrangements are in place to ensure that toilets do not become crowded by limiting the number of children or young people who use the toilet facilities at one time</i></p>	<i>M</i>	
<i>Staff use of communal areas/working with different groups.</i>	<i>Contracting coronavirus - staff pupils, visitors, parents/carers</i>	<i>H</i>	<p><i>Staff breaks are staggered to avoid congestion in staff rooms. Shared crockery/cutlery has been removed and staff use their own equipment.</i></p> <p><i>Measures are applied within shared offices and staff room(s) to implement social distancing.</i></p>		

Use of supply teachers and temporary workers			<p>Clear use and cleaning guidance for staff toilets are in place to ensure they are kept clean and social distancing is achieved as much as possible.</p> <p>Staff maintain 2m distance from pupils where possible (especially between adults and with older children). Face to face contact within 1m of anyone is minimised.</p> <p>Supply staff and other temporary workers can move between schools, but school leaders are to consider how to minimise the number of visitors to the school where possible.</p> <p>Temporary staff and visiting staff will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to maintain distance from other staff and pupils.</p> <p>Review and implementation of longer term staff contracts/arrangements across a broader time period to minimise numbers of contacts.</p>

Children who are non-compliant / displaying challenging behaviour	Contracting coronavirus - staff, pupils,	M	<p>Children who are symptomatic do not attend school. Effective infection control strategies are in place including measures to minimise contact with those who become symptomatic whilst at school.</p> <p>Current school arrangements including behaviour policy, availability of trained staff and preventative approaches are reviewed/updated taking account of suggested school rules within Government Guidance. Policy communicated to staff, children/pupils and parents/carers.</p> <p>Those with challenging behaviour only remain in School where measures (e.g. behaviour management plan, workable de-escalation techniques, trained staff) are in place and there is certainty that they will be effective).</p> <p>All schools have access to NCC SEN Support Services to accommodate and support learners with SEND who are attending. <i>Insufficient cleaning/exposure to virus on objects/surfaces</i>	<i>Contracting coronavirus</i>	<i>H</i>	<p><i>Increased cleaning to take place using standard cleaning products; additional cleaning hours/resources have been arranged with the priority being for frequently touched areas/communal areas and shared teaching spaces. Cleaning staff are briefed on the amended cleaning schedule, and records kept of cleaning undertaken.</i></p> <p><i>In particular, objects and surfaces that are touched regularly are frequently cleaned and disinfected. This will include toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters, play equipment etc.</i></p> <p><i>Steps are taken to limit resources that are taken home by staff and pupils. Marking policies have been reviewed, Staff wash hands if handling pupil's homework/books.</i></p>	<i>L</i>	<p><i>A supply of antibacterial wipes/alcohol gel is made available in school (including classrooms) to encourage staff/pupils to help maintain cleanliness in personal work areas.</i></p> <p><i>Cleaning products used in teaching areas etc. are those normally used by cleaning staff - a safety data sheet and COSHH risk assessment are in place for each product.</i></p> <p><i>PPE requests/shortages in PPE are raised with the Schools Organisation and Resources Team.</i></p>
